

Animation - Volunteer Specialist

MCR Pathways is transforming education outcomes for care-experienced young people across Scotland. We're looking for a creative, volunteer animator to support our award-winning team on MCR's 2020 campaign launch. We are looking for a volunteer who could start on this short-term project as soon as possible to have it ready for premiere at the start of the new year.

The volunteer will have the opportunity to work on a creative, wide-reaching, high visibility project that will be viewed by thousands of people across Scotland.

The role will include:

- Work on a pivotal, high visible project for MCR's 2020 campaign launch
- 2D creative, digital animation
- Working with our amazing National Marketing Team
- Additional opportunity to add to future animation projects and help develop MCR's current animation style.

This role will include a full induction, with ongoing support throughout the project. This opportunity will give a volunteer to meet new people, an opportunity to develop their portfolio and be part of an exciting project.

Time commitment

Ideally, we'd like someone who could volunteer at least one full day a week, remotely or in at our central, Glasgow office. Remote volunteers would preferably be able to visit our central office occasionally for project check-ins.

About MCR Pathways

For nearly a decade, MCR Pathways has been working in secondary schools in Glasgow helping care experienced young people overcome their challenges and create bright futures. MCR supports them to find, grow and use their own talents and skills.

We are looking for volunteers who can support us with their talents and expertise to ensure we are meeting our ambitions and supporting our young people. MCR are looking for an Animation Volunteer. Successful Animation Volunteer Specialists will be creative and artistic, have a passion for their craft and offer new insight to our ongoing marketing campaigns.
